

HEMA HARCHANDANI
(Founder and Managing Director)

FOUNDER'S MESSAGE

We are very happy and proud to launch our newsletter 'CANVAS CONNECT' for our parents, children and educators. This will help all the parents and educators to come together and build safe and healthy future for the kids.

I am happy to announce that Canvas have 22 branches now with 1000 children enrolled in Rajasthan and Madhya Pradesh. Our passion for education is growing and spreading its wings across India.

In the beginning of 2018, we were awarded 'The Best Fastest Emerging Preschool and Best Preschool chain in Rajasthan and MP'. This is a testament of the love and affection of the parents and children connected with Canvas.

Canvas is highly concerned about the bad use of technology, especially children spending endless hours in front of TV, computer, games etc. The children are losing the ability to think deeply because smart phones and tablets encourage them to skim, scan, and flick between content and entertainment.

I would advise every parent to make children sweat it out in the playing field, become avid readers, or show concern about the environment. Let's encourage our children to do meaningful work. My plea to parents is to set good examples by resisting their own digital urges. Ultimately how kid's habits will be dictated by the example set by their parents.

We cannot run away from technology, but we must engage in it cautiously. I would love to see every child getting enhanced with the help of technology. In school we make kids explore and enquire. We make them learn and take responsibility. We instil the qualities of integrity and honesty.

Overall, we try to make a CANVIN into a good citizen. 'Canvas Connect' is one new step in that direction.

Regards

Educational Article

WHAT ARE THE BENEFITS OF EARLY CHILDHOOD EDUCATION?

For young children, every experience or encounter presents a learning opportunity. They learn from everything they see, do, hear, feel, smell, and taste; everyone they interact (talk, play, laugh) with; and everywhere they go.

Studies suggest that quality early childhood education preschool offers a range of benefits to children, as well as to their families and their communities. In a recent report, childhood education specialists argued that preschool children learn best when they interact with their peers, receives kind treatment from their parents and educators, and don't feel pressured to learn.

The specialists also suggested that children learn the most when educational and instructional activities make up a small segment of their days, which is something that quality preschool programs emphasize. Some of the advantages of early childhood education include:

- **Improved social skills:** Children learn to engage better with other children and adults. The preschool environment allows children to acquire vital skills that allow them to listen to others and express their own ideas, make friends, share, cooperate, and become accountable for their actions.

- **Better performance in grade school:** Children who receive early education are known to have a

reduced need for special education instruction in elementary school and beyond. Quality preschool programs help to build a strong foundation for the child's physical, mental, emotional, and social development that prepare them for a lifetime.

- **Improved attention spans:** Children are inclined to be curious and interested in discovering new things. Quality early childhood programs maximize opportunities for the discovery of new experiences, new environments, and new friends, while maintaining a balance with the ability to listen, participate in group tasks, follow directions, and work independently, all of which develop the vital life skill of concentration.

- **Enthusiasm for lifelong learning:** Children who receive quality early childhood education are reportedly more confident and curious, which causes them to perform better in grade school. Children learn how to manage challenges and build resilience in times of difficulty; settle easily at school to reap the benefits of education faster; and acquire a long-term interest in learning different things, including playing music, dancing, singing, construction, cooking, etc.

Moreover, studies have shown that early childhood education preschool programs increase the likelihood of children graduating from high school with fewer behavioural issues, attending college, and becoming responsible young adults.

ACTIVITIES HELD

WORLD HEALTH DAY: 7th April 2018.

Health is the most important thing in life. We know the phrase "Health is Wealth" and to know the importance of health in Canvas our little ones celebrated World Health Day.

BLUE COLOR DAY: 19th May 2018

At Canvas, on Blue Color Day children played and learned with the color BLUE. They did lots of activities as a part of their Learning Colors Series. In that week they explored and played with the color blue with hand printing, painting and balloons! They had some fun with sensory activities.

WORLD DAY FOR SAFETY AND HEALTH: 28th May 2018

We added important aspect to our Safety day and made it amazing by introducing health education, healthy foods, and our own safety.

THANKSGIVING DAY: 1st May 2018

Thanksgiving fun included talking about family traditions and activities. A wonderful day spent doing thanksgiving activities in the class. Children were told to thank the people they are most thankful for.

FAMILY DAY CELEBRATION: 12th May 2018

Canvas celebrated family day with different fulfilling activities with parents as well as children. They enjoyed talking about their families, sharing stories and learning to be part of a family.

PUPPET SHOW: 13th May 2018

Puppets are a wonderful tool to use in the preschool classroom. Canvas organized a puppet show as another classroom activity. The kids enjoyed and learned a bit about storytelling and communication.

EARTH DAY (cleanliness activity): 23rd April 2018

Teachers talked about animals, plants and other parts of the natural world. They taught Canvins about recycling, reducing, reusing, and cleanliness of mother earth.

MEETING WITH MY BODY PARTS: 30th May 2018

We turned a normal day into a fun day by teaching preschoolers about body parts with fun motor games and activities. We made learning body parts fun with songs, dances, and more!

I am
HEMA HARCHANDANI,
Founder of Canvas
International Pre-School
and I support the
#Iwillnot Anti Spanking
Campaign

JOIN THE ANTI SPANKING CAMPAIGN
AND POST **#Iwillnot**
ON YOUR SOCIAL MEDIA PAGE.

ANTI SPANKING CAMPAIGN

Canvas, Director and Founder, Mrs. Hema Harchandani, herself took the pledge along with other 19 branches and all her team members to support the Anti Spanking Campaign. We believe that hands are for loving and giving care, and not for hurting and hitting.

Parents and the whole staff were asked to tie a red ribbon or thread on their hand. So, every time they raise it they will see the red ribbon or thread like a red traffic light and consciously hold the hand down and take deep breath and handle the situation firmly, but without violence.

As Mahatma Gandhi said
“PUNISHMENT
HARDENS
CHILDREN.”

LAUGHING ACTIVITY ON EXPRESSION DAY: 7th May 2018

The children's laughter was bellowing, contagious, and almost uncontrollable as the school decided to nurture children's sense of humor by celebrating Expression.

MOTHERS DAY: 11th May 2018

Mother's Day is the day to show appreciation and express love for our mothers. Children celebrated this Mother's Day by making special Mother's Day cards, crafts, coloring pages, and many other activities.

CURRICULUM CORNER

With a conceptualized approach to over all development of kids, CANVAS has curated 'PSED Approach'.

P

Personality....

It helps your child stand in the crowd and develop confidence.

S

Social...

It helps your child develop a friendly nature and help him/her get along with everyone around.

E

Emotional...

It makes him/her more emotionally expressive and not aggressive.

D

Development...

And when all comes together they help your child grow both mentally & physically.

NEW BRANCH

Dausa Branch

Inaugurated on **28th January, 2018** by Bharna Pitadisheswar Khatiya Parivacharya Mahant Shree-Shree 1008 Shree Naryan Das Ji Maharaj.

A colouring competition was held for kids and they were given prizes and consolation certificates. The number of participants was more than 200.

Pratap Nagar - Jodhpur Branch

Inaugurated on **7th May 2018** by Honourable Suryakanta Vyas MLA Soorsagar and Shri Man Ghanshyam Ojha Mayor Jodhpur

Bharatpur - Rajasthan Branch

Branch launched on **24 May 2018** by Maharaja Vishvender Singh Ji M.L.A (Deeg Kumher).

UPCOMING ACTIVITIES:

- HEALTH CHECK UP DAY
- PLANTATION DAY
- GREEN COLOR DAY
- HEALTHY DAY
- LEARNING BY DOING
- FRIENDSHIP DAY

- JANMASHTAMI CELEBRATION
- CHARITY DAY
- GANESH CHATURTHI CELEBRATION
- HINDI DIWAS CELEBRATION
- PEACE AND NON VIOLENCE DAY
- SWACH BHARAT ACTIVITY
- BIRDS DAY ACTIVITY
- DUSHERA CELEBRATION
- SCIENTIST ON MISSION
- HALLOWEEN DAY CELEBRATION

SKILLS

A motor skill is simply an action that involves your baby using his muscles. Gross motor skills are larger movements your baby makes with his arms, legs, feet, or his entire body. So crawling, running, and jumping are gross motor skills.

When young kids have weak gross motor skills, it can get in the way of having fun. Running, jumping and throwing all require using large muscles. CANVAS helps in building gross motor skills with the help of various activities organized and designed in the school.

HEALTH

TIPS:

Monsoon is here and so are kid's different demands for hot roadside food, fun and splashing in the rain. As much as we all love monsoon, it comes with lots of other things too, i.e., illness, contagious flu, and much more. To let the kids have a great time in monsoon follow these few simple tips to prevent them from any illness.

1

Prevent your kids from catching cold and cough by keeping their body moderately hot and dry.

2

Don't let the kids go in air conditioned rooms with wet hair and damp apparels. It encourages the development of fungus and can be especially hurtful.

3

Water and raw vegetables are not hygienic during the monsoon. Try to avoid eating road side food and surprise your kids by making those yummy dishes at home.

4

Get your kids vaccinated for malaria and flu.

5

Whenever your kids go out for classes or playing, always keep umbrellas, rain coats etc in their bags.

HONORARY ADVISORY PANEL

CANVAS INTERNATIONAL SCHOOL is set up with the vision to create new world for our children. We believe in self expression which moulds our children's identity. To fulfill this vision we have invited experts from different fields to be on the advisory panel of Canvas International. The role of the advisory panel is to give inputs, advice and suggestions for the activities of the school.

Dr. Swati Popat Vats

President of Early Childhood Association

Rungta Hospital, and runs his own clinic
"Penguin Paediatric Care"

Mr. Narasimha Rao

Additional Director General
of Police Armed Battalions
PHQ Lalkoti, Jaipur

Dr. Anita Gautam

M.D. (Psychiatry), FIPS
Director Clinical Operation &
Consultant Psychiatrist

From the day my child started studying at Canvas, we could see good changes in her. The first thing was that she started speaking Hindi very well after being from a Tamilian family. She knows how to behave in public. In Canvas the way of teaching is different than other schools. They organise extra activities along with studies, this helps the child to know the values of life, how to behave in society, how to respect and take care of each other. The efforts taken by teachers are appreciable. As a parent, I am 100% satisfied with Canvas team and my child is happy being a CANVIAN.

Anil Kumar T. and Anjali Soman
- Ameya Pillai Parents

KIDS ACHIEVEMENTS

Aanya Varshney

Prep (Shiv Nagar), is a cheerful and conscientious student. We truly appreciate Aanya's efforts that she puts into her learning and the smile she brings to our classroom.

Dishika Jain

K.G class student, has a very curious mind. She wilfully participates in all class discussions and shares her wonderful ideas. She is blossoming everyday and becoming independent in completing her class assignments.

Canvas International School Awarded With Excellent in Fast Emerging Pre School in Rajasthan by Honourable Ashok Lohati (Mayor) and Manoj Bharadwaj (Duty. Mayor) on 27th April, 2018

FACTS:

Only babies can breathe and swallow at once!

Up until the time your child turns 6-7 months they are capable of breathing and swallowing at the same time, a skill that will be lost near the half-year mark.

POSITIVE PARENT PLEDGE:

I will do my best to parent with..
Less Yelling, more understanding.
Less punishing, more guiding.
Less intimidating, more inspiring.
Less threatening, more motivating.
Less presents, more presence.
Less stress, more memories.
Less screen time, more face time.
Less judgement, more acceptance.
