

CANVAS CONNECT OCTOBER 2022

MESSAGE BY THE FOUNDER

Ms. Hema Harchandani
Managing Director
Canvas International School

Dear Grand Preschool Parents and Guardians,

May the festival of lights be the harbinger of happiness and thriving in your life.

On this favored occasion of Diwali when the air is stacked up with the spirit of joy and love may this festival of greatness bring breathtaking sparkles of bliss and peace to you heart, that stays with you amid the time ahead.

With a hope of creating a society full of compassion and warmth. This Deepawali, let's pledge to conserve and appreciate the bounties and liberal generosity of nature by going crackerless and bringing light and happiness in the lives of the less fortunate.

Let bring along new opportunities for us to work together and reach new heights of success and glory. I with that together we write new story of success.

Warm wishes to you and your loved ones on Diwali.

Shubh Deepawali.

ACTIVITY HELD

1. GURU PURNIMA

As you walk with the Guru, you walk in the light of existence, away from the darkness of ignorance.

You leave behind all the problems of your life and levitate towards the peak experiences of life.

Guru Purnima was observed at Canvas International School with great dedication as the students showed their respect and gratitude to their teachers with a special dance performance. They expressed

their love for their teachers by indulging in making cards for them. Guru Purnima is celebrated to honour our teachers, who remove the darkness from our minds.

2. Planting

Help kids grow! Get them outside in the garden for hands-on learning experiences. Being outside gives kids time to cut loose and burn off some steam. It goes without saying that garden and fine motor skills go hand in hand.

While in the garden children are constantly practicing their locomotor skills without thinking about it. Your garden can serve as an outdoor classroom for showing your kids how and where we get our food while connecting them to nature and the environment. In canvas International School even the littlest ones love to learn about dirt, plants, and bugs.

3. Independence Day

Canvas International School celebrated the Independence Day on 15th August 2022 with great patriotic spirit and zeal. With the motive and intention to inculcate patriotic fervour among its students school organized plethora of events.

Children presented special performances, recited poems, sang songs and delivered great speeches honouring the country on the occasion of Independence Day at Canvas International School.

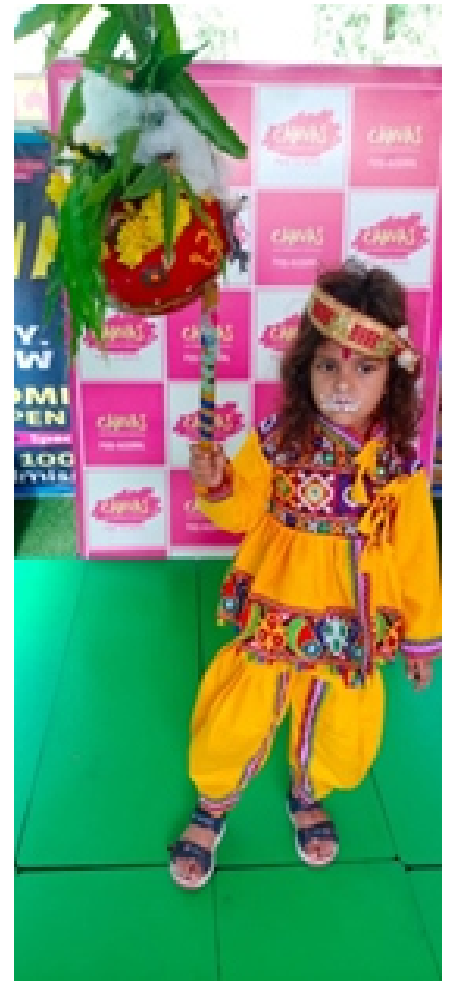

4. JANMASHTAMI

At Canvas International School , Krishna Janmashtami was celebrated. Janmashtami is celebrated as a symbol of the end of darkness and rooting out of the evil forces.

A splendid and colourful performance by the Canvins depicting the birth of Lord Krishna with a message of victory of good over evil. Students truly communicated the message that "Every moment of life is worth a Celebration. The more you praise and celebrate life, the more there is in life to celebrate."

Children came dressed in ethnic wear as Radha and Krishna. The presentation depicted the varied images of life from birth to manhood transporting one to the world of splendour, colour, myth and legend. It was a beautiful presentation with joyous melody and twirling dancers.

5. HINDI DIWAS

**गर्व हमें है हिन्दी पर,
शान हमारी हिन्दी है
कहते-सुनते हिन्दी हम,
पहचान हमारी हिन्दी है।**

Hindi Diwas is celebrated every year on 14th September. To mark this occasion, Canvas International School celebrated Hindi Diwas with great zeal and enthusiasm.

5. CULMINATION DAY

Culmination activities not just enhance and discover the skills of students, but also shows what knowledge you learned and skills that were improved and earned. Keeping this in mind a culmination was organized in grade nursery. Students enjoyed recapitulation of different topics done under different themes like Myself, summer season and rainy season, etc.

TEACHERS TRAINING AT CANVAS INTERNATIONAL SCHOOL

Teachers Training Program was held at Canvas international School

Teachers are a crucial and integral part of the education system. A great teacher is crucial to a student's development and growth. So, how does one become a great teacher? As teachers, we are always concerned about the education the students receive. But rather than focusing on the classroom, we should take a step forward and think that if education is going to improve, we must work on improving initial teacher training.

Personalized education is well, not rocket science, let's be honest here – it is much more complicated. And the training for the teachers must be such that it makes the lives of students easier and learning effective which we do not see often. Teaching is an important process, but teacher is the fundamental element in this process and it is always the method which determines the output of the system.

Training sessions are needed to help the teachers learn or create new teaching strategies which will bring back the interest of their students in the classrooms and encourage learning. Another aspect that must be taken into consideration is the application of the topics the students learn in their lessons. The teachers also need to figure out ways for applicable learning – which actually helps the students in real world because theoretical learning will help them in gaining marks, but practical learning will help them in life.

Canvas Always believe in providing quality education to children by providing training to teachers from time to time.

Early Years curriculum-

TALK , READ AND SING TOGETHER EVERY DAY

A language rich environment is one in which children are surrounded by talking, singing, and reading and have many opportunities throughout their day, across all activities, to communicate with others and engage in back-and-forth conversations. A rich language environment is important to children's early learning, and can have strong effects on early language, vocabulary, reading and math skills, as well as on children's social-emotional development.

ENGAGING CHILDREN IN CONVERSATIONS

Teachers and families play a critical role in developing language-rich learning environments. Try these strategies to engage all children in rich conversations in English or in their home language.

- Get down on the child's level.

- Tune in and listen to what the child says. If the child does not speak yet, tune into what they are doing or pointing to and use these moments to talk with them.
- Take turns talking. If the child doesn't have language yet, that may mean you are talking and the child is communicating in nonverbal ways, such as through gestures, looks, smiles, babbles, and word approximations (children's attempts at words).
- Talk about what the child is doing, what the child is looking at, or what the child is interested in.
- Ask questions that relate to the child's experiences or interests.
- Add words or questions to what the child says or does and model new language.
- Give the child enough time to respond. For children who do not have language yet, this may be a nonverbal response, like a gesture or a look.
- Stay tuned in to the child's facial and body expressions to make sure they are engaged.

3. AWARD

- 11th principal and Teachers Award was given to motivate teachers and recognise the outstanding work that is done in order to enhance the quality of teaching and learning.

Ms Kanchan Sharma
From Canvas
International School
Heerapura, Jaipur
Branch receive award in

PARENT TESTIMONIAL

A Child's Place and love that our son is learning along with his classmates and teachers.

We are truly excited to mention that, this school was a great choice for our child. We are happy to see the change and the way he has got adjusted to the new environment so quickly and easily. The school and its teaching faculty have extended their full support in making our child feel secure and at home.

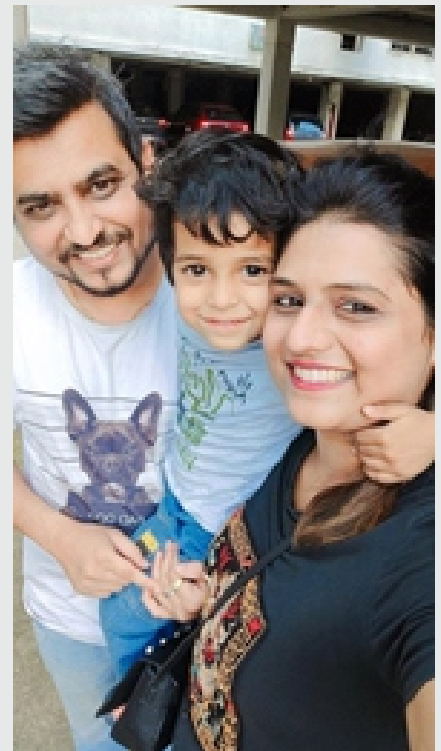

" As parents, we would like to take this prospect to thank the teachers for their continuous care, support, collaboration, and most importantly patience.

Regards,

Akshant Patil

PARENTING TIPS

Pragati Bhatia

Head Marketing at Canvas International School

Talk, Talk, Talk

“Spend quality time with the child in a constructive conversation. Examine and talk to them about everything.”

Showing your children that you love and care for them help to keep them mentally and emotionally strong. As a parent the best way to do this is to spend quality time with them on a regular basis.

If you want to understand what’s going on in your child’s mind – talk to them. Understand their daily struggles and joys, interests and aspirations, and views of the world by engaging them in conversation, and listening.
